

Testimonial of Chuck Bowen~

Nationally recognized Personal and Business Coach, and host of San Antonio's favorite weekend radio program, 'The Chuck Bowen Show'

"N2 College Consulting is the leader in helping realize your goal of sending your children to the college of their dreams ... without going broke! N2's clients and I have discovered how, time after time, Jill Howell and her team have proven themselves the foremost experts in helping your kids land scholarships to the tune of almost \$48,000 on average. Why wouldn't you decide today to partner with N2 College Consulting to help your child earn admission and scholarship assistance to the institution of his or her choice? We sure have for our daughter Haley!"

* N2College Scholarship totals are based on award letters sent directly from the colleges/universities/external awarding agencies to each enrolled N2College Student-Client who is following the personalized & recommended 'N2College Action Plan' developed specifically for them. The average length of enrollment for an N2College Student-Client for the 2006-2007 school year was 9 months or (1) academic year. Maximum national/regional/local enrollment caps are implemented each academic year in order to ensure that optimal service is provided to each enrolled Student-Client Member and Family.
